W = Western side of the Field				E = Eastern side of the field							
Field duty is helping prepare fields for games. Activity starts at 5pm on Friday at the equipment shed. We have approximately 3-4 teams assigned each week. If we get some solid representation, it takes between 60-90 minutes to prepare the complex for the coming season. Please communicate to your parents and playes the importance of helping us run a solid program by having a complex that is in great shape to support our kids.
